### TWO IMPORTANT MOVES

INDICATIONS OF SETTLEMENT  
OF NORTHWESTERN RAIL-  
WAY SITUATION.

#### GIGANTIC COMPANY FORMED

Will Take Over and Control the Great Northern and Northern Pacific Roads—Preferred Stock of the Latter Company to Be Retired—Burlington to Be on an Independent Basis—Its Stock in a Voting Trust.

New York, Nov. 14.—There were two important developments in the railroad situation in the Northwest and both tended to confirm the existing belief that a final basis of settlement of the contest for the control of the Northern Pacific had been definitely agreed to. Final ratification of this agreement will bring into existence the greatest and most effective example of the community of interest idea as applied to the railroad system of the country. The first of the day's developments was the incorporation at Trenton, N. J., of the Northern Securities company, with a capital stock of \$400,000,000, and the second was the unanimous adoption by the Northern Pacific directors of a resolution providing for the retirement at par of the company's preferred stock on Jan. 1, 1902.

There was a full attendance at the meeting at which this action was taken, those present including George F. Baker and Charles Steele, representing J. P. Morgan & Co.; E. H. Harriman of the Harriman syndicate, which is in control of the Union Pacific; J. J. Hill, president of the Great Northern; Samuel Rea, vice president of the Pennsylvania; James Stillman of the National City bank; H. McK. Twombly for the Vanderbilts, and William Rockefeller.

The directors decided that the funds necessary for the retirement of the preferred stock should be obtained by the sale at not less than par of \$75,000,000 of 4 per cent bonds, convertible into common stock, each holder

of common stock now outstanding being entitled to purchase at par an amount equal to 75-80ths of the amount of his present holdings. It was further provided that two dividends of 1 per cent each be paid on the preferred stock before its retirement.

No official statement was obtainable as to the scope of the newly organized Northern Securities company, but it was generally understood that the company was formed to take over and control the shares of the Northern Pacific and the Great Northern railways and of their leased lines. The Great Northern's outstanding capital is \$125,000,000 par value, selling at \$200 in the market, while Northern Pacific's total outstanding stock, after the retirement of the preferred, will be \$80,000,000 par value, making a total of \$205,000,000 par value for the shares of these two companies. At \$200 for Great Northern the amount would be increased to \$330,000,000 for the shares of the two companies.

Control of the Burlington,

Burlington shares, it is understood, are not to be turned over to the new Northern Securities company. That stock is now held as collateral for the outstanding Burlington collateral bonds, with voting rights vested in the Northern Pacific and Great Northern railways. It is understood that Northern Pacific and Chicago and Northwestern interests agree to the retirement of the Northern Pacific preferred and that Union Pacific will have a heavy interest in the capital of the new company, considerably beyond the par value of their present Northern Pacific share holdings, which are placed at \$78,000,000 par value, just over a majority of the total \$155,000,000 Northern Pacific stock capital. No information was obtainable as to what share, if any, the Vanderbilts and the Chicago, Milwaukee and St. Paul are to have in the new company.

Under the new arrangement the Union Pacific railway will have voting rights in the Burlington, the directors being about evenly divided between the Union Pacific and the Hill interests, and the suggestion was made that the Burlington stock may be held in a voting trust, under the agreement between the two interests. In this case J. P. Morgan will be a voting trustee.

It is stated by The Journal and Advertiser that the Burlington is to be restored by the Northern Pacific and Great Northern, who now own it, to a practically independent basis and enjoy full and free traffic relations with all its connections. This independence is to be secured through a lease by the present owners to the new company which was recently formed for the purpose.

## CARPETS!

A member of the firm of J. P. Morgan & Co. said that the Northern Securities company would be the holding company of the various roads interested, but he declined to say what details were not yet completed and premature publication might interfere with their consummation.

"You may rest assured," he said, "that all difficulty over the Northern Pacific matter is now at an end and this has been accomplished in a manner highly satisfactory to all concerned."

Buys Gunboats in the Orient.

Washington, Nov. 14.—The report from Japan that the United States government had placed an order for six gunboats with the Unga Boat company is not strictly accurate. Some time ago the secretary of war authorized the Philippine commission to

purchase 30 or 45 gunboats to be used among the islands for revenue and police patrol purposes. They were to be bought at Hong Kong and other places where they could be obtained at the best advantage.

Violated Contract Labor Law.

New York, Nov. 14.—Through a complaint made to the immigration bureau authorities three out of five expert engravers who came here from England a year ago and got work in a Hackensack wall paper factory may be deported for violation of the contract labor law. The three engravers were before the board of special inquiry and were ordered deported. Their case was appealed to the secretary of the treasury and they will be detained until his decision is made known.

The following were present: Mr. and Mrs. S. F. Alderman, Mr. and Mrs. E. O. Webb, Mr. and Mrs. E. O. Parks, Mr. and Mrs. J. M. Elder, Mr. and Mrs. Fred Farrar, Mr. and Mrs. G. F. Mitchell, Mr. and Mrs. F. W. Wieland, Mr. W. E. Winslow and Miss Mitchell.

Thomas Maloney has gone to Duluth to spend the winter.

James Miles, who has been working for the Brainerd Lumber company, has returned to his home in Duluth for the winter.

The Ladies' Aid society, of the Presbyterian church, will meet with Mrs. A. H. Carver, Norwood street, next Wednesday afternoon from 2:30 to 4:30 o'clock.

There will be a meeting of the A. O. U. W. this evening in their hall and there should be a good attendance. After the work of the evening there will be a smoke social.

Mr. and Mrs. W. H. Gemmell returned yesterday morning from Ottawa, Canada. Mrs. Gemmell had been there for some time visiting with Mr. Gemmell's people but Mr. Gemmell went there but recently to return with his wife.

"The Parade of the Sun-bonnet Babies," the two-step composed by Miss Lucy E. Sterns, of Duluth, formerly of this city, as whistled by Maud Pratt Crane, has just been published. It is a catchy score and is being received with hearty approval by those interested in music adapted for the child folk. Miss Sterns has a ready sale for the two-step and is to be congratulated.

Miss Fannie Perkins arrived today from Duluth. She will speak at the M. E. church this evening in the interests of the Woman's Foreign Missionary Society. She is in charge of their orphanage in Rangoon, India, and has only returned to this country about five weeks. It will be quite interesting to hear of her work, and we earnestly and cordially invite everybody to come out this evening.

## BRAKEMAN RECEIVES SERIOUS INJURIES.

Was Thrown From the Top of A Freight Car Near Deerwood.

## UNCONSCIOUS THIRTY-SIX HOURS

He Was Hit by a Water Stand Pipe and Thrown Violently Down.

Walter Cameron, of Duluth, a brakeman on the Northern Pacific, who has been working between this city and Duluth for sometime lies at the N. P. Sanitarium in a critical condition and he may not live, the physicians reporting this morning that he had concussion of the brain.

Yesterday morning he was on a freight train coming this way and as the train was passing through Deerwood he had occasion to go out on top of a car. While standing on the car a large water pipe struck him and he was thrown violently to the ground. This was about 12 o'clock at night and it was some time before the trainmen missed Cameron. (The train was backed up and when Cameron was found he was in an unconscious condition and it was at once discovered that he was badly injured.

He was brought to this city and taken to the Northern Pacific Sanitarium where everything in the power of medical aid is being administered to restore him to consciousness. It is not thought that he will live. His people live at Duluth and they have been notified.

Deceased has relatives living at Cleveland, Ohio, and the remains will be shipped there this evening for interment.

## LAND FORFEITED.

Minnesota State Forestry Board of Forestry Received Reports From Several County Auditors.

The Minnesota state forestry board has received reports from the auditors of Becker, Cook, Ottertail and Pine counties, showing that 2990 acres of land had been forfeited to the state for non-payment of taxes, and that the land is better adapted to forestry than to general agricultural purposes.

Many counties have not sent in any reports, and several of the reports received do not give the desired information. Land that accrues to the state for delinquent taxes, after the county commissioners have certified that it is unfit for agricultural purposes, is placed under the care of the forestry board.

As many of the county commissioners through the northern part of Minnesota, where the larger part of the land is situated, are known to be favorable to the forestry movement, the members of the forestry board expect a large amount of land will be placed under its care this winter. Until a decision has been made by the county commissioners, the forestry board has no control over such lands.

S. M. Owen was chosen president of the board to succeed Judson N. Cross, of Minneapolis, who died last August. Memorial resolutions were passed on the death of President Cross, who was the originator of the forestry board. The members of the board present were:

Greenleaf Clark, St. Paul; John Cooper, St. Cloud; B. Magoffin, Duluth; O. M. Lord, Minnesota City; Professor S. B. Owen, Minneapolis; Chief Fire Warden Owen, Minneapolis, and Chief Fire Warden C. C. Andrews.

Now is the time to supply your wants. Our entire stock of dry goods, clothing, furnishing goods and shoes all go at the big cash sale, beginning Tuesday, Nov. 5th.

## IS OFFERED TO REYES

COMMITTEE ON ITS WAY TO TENDER HIM THE PRESIDENCY OF COLOMBIA.

## WILL END THE CIVIL WAR

Country Weary of the Strife and the General is the One Man Satisfactory to Both Parties—He is at Present Attending the Pan-American Congress at the City of Mexico as a Delegate.

Washington, Nov. 14.—The Colombian government is making an earnest effort and in an interesting way to solve the troubles which have arisen in its executive branch. The first official act of the new Colombian congress is to appoint a "designado," an official who succeeds to the presidency upon the retirement of both the president and vice president. General Rafael Reyes, Colombian minister to France, now in attendance upon the congress of American republics at the City of Mexico as one of the Colombian delegates, holds that position.

Information has reached the Colombian legation in this city to the effect that a committee composed of three Colombian officials is about to leave Bogota for the City of Mexico to endeavor to induce General Reyes to accompany it back to the Colombian capital and take up the reins of government.

Notwithstanding the fact that the former president, San Clemente, has been out of office for some time, it is true that he is still the constitutional president of Colombia and he has yet to tender his resignation from that office. However, San Clemente, it is stated, has said he will tender his resignation provided President Maroquin, who is constitutionally only the vice president, will do likewise. A great many of the present complications in Colombia have arisen out of this situation and the strong factions back of the commission see in General Reyes an official with a clean title to the presidency, if, as they confidently believe, President Maroquin can be induced to relinquish his office.

It is yet to be seen how General Reyes himself will regard the move. The proposition has been broached to him already in an informal way, but no definite idea of his views has been obtainable.

## SATISFACTORY TO BOTH SIDES.

General Reyes the One Man Who Can End the Colombian War.

New York, Nov. 14.—The Tribune says: Information that General Reyes, who for 10 years represented the Colombian government in Paris, is soon to return to Colombia has been received in this city. This news was regarded by persons interested in Colombian affairs as of great importance. General Reyes, according to this information, has received a message from President Maroquin urging him to return to Bogota. At present General Reyes is representing the Colombian government at the Pan-American congress in the City of Mexico. He is regarded as one of the leading men of Colombia. It was also learned that General Reyes had sent a message to General Pedro Nel Ospina, former minister of war of Colombia, who has just arrived in this city, asking him to come to Mexico for a consultation. General Ospina expressed the belief that General Reyes will go back to Colombia at once and that weariness of the civil war which has for more than two years ravaged Colombia was the cause of the call for Reyes' return and that as he is the one man satisfactory to both parties in the strife he will be selected president of the republic and put an end to the war.

## WENT ON NEELY'S BOND.

A Maryland Guaranty Company Sued for Five Thousand Dollars.

Baltimore, Nov. 14.—Martin C. Fosnes, director general of posts of Cuba, has brought suit in the United States circuit court here against the United States Fidelity and Guaranty company of Maryland, which, he says, bonded Charles F. W. Neely, former chief of the bureau of finance of the department of posts of the island of Cuba, in the sum of \$5,000. Mr. Fosnes claims that amount of damages.

The bill says that Neely was appointed to his position on Jan. 7, 1899, and that he had charge of the bureau of finance until Feb. 23, 1900. The guaranty company, it says, on Feb. 23, 1899, bound itself in the sum of \$5,000 for the faithful discharge of his duties. The bill alleges that Neely did not faithfully discharge his duties and did not account for and pay over to the proper officials the moneys which came into his hands.

Another company of this city, it was learned, also bonded Neely for about \$30,000. It is probable that a suit will be brought against this company unless settlement is made.

## MISTAKEN FOR A DEER.

J. E. McLean of Minneapolis Killed at Koos Landing, Minn.

Duluth, Nov. 14.—J. E. McLean of Minneapolis was accidentally killed while hunting near Koos Landing, in Lake county, and the shot that tore through him came within a foot of killing Attorney General W. B. Douglas of Minnesota, who was present. McLean and several friends were hunting and were joined by General Douglas. Other members of the party strayed off and Douglas and McLean sat on a log to rest. While talking George Jentsch, a settler, came along in the woods, and, mistaking McLean's fur cap for a deer, shot and killed him. McLean's body was brought to this city on the steamer Argo and will be taken to Minneapolis.

## A "SCRAPE" FOR TEN CENTS.

A Small Sized Price-Cutting War On Among the Barbers of the City.

It would appear that Brainerd in the not far distant future will be in the "ten-cents-a-shave" class of cities, some of the barbers having already cut their prices from fifteen to ten cents a shave.

When Messrs. Wood & Cardel left John Cochran to start a shop of their own under the Swanson restaurant they started an innovation in the matter of prices by charging ten cents instead of fifteen. Some of the other barbers at once began cutting. The most recent is Louis LaJoie who has distributed circulars advertising the fact about the city. There is some kick by some other barbers on the cut as they always supposed that Brainerd was a union town.

Furniture, carpets and stoves sold on small payments at D. M. Clark & Co.

All kinds of furniture new and second hand bought and sold and exchanged. Also, just received a car load of stoves, at 220 5th street, next to the Lion Clothing store.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Do you want a trunk? Call on D. M. Clark & Co.

Some Dark Night  
It will occur to you that there are a good many good tailors who are getting good stiff prices for good tailoring. And then you may recall the fact that the same kind of good tailoring can be had at just about 33 1/3% less, and you will turn to us for proof.

We sell Royal Tailoring—garments made by The Royal Tailors of Chicago—made-to-your-measure—from goods you may select—quality, style, fit, and workmanship the best—no sweat-shop labor—satisfaction or you keep your money—fair enough, isn't it?

A man who buys tailoring ought to be so it that it is good tailoring. Have it good even if you have to pay a high price for it, but if you can have it good without the high price by all means do so. In other words

"Pay Less and Dress Better."

We have the exclusive local sale of Royal Tailoring, and the line is so extensive, and offers so wide a range of choice that we expect to sell to every man who will look it over. We may not, but that's what we expect to do.

## WENT ON NEELY'S BOND.

A Maryland Guaranty Company Sued for Five Thousand Dollars.

Baltimore, Nov. 14.—Martin C. Fosnes, director general of posts of Cuba, has brought suit in the United States circuit court here against the United States Fidelity and Guaranty company of Maryland, which, he says, bonded Charles F. W. Neely, former chief of the bureau of finance of the department of posts of the island of Cuba, in the sum of \$5,000. Mr. Fosnes claims that amount of damages.

The bill says that Neely was appointed to his position on Jan. 7, 1899, and that he had charge of the bureau of finance until Feb. 23, 1900. The guaranty company, it says, on Feb. 23, 1899, bound itself in the sum of \$5,000 for the faithful discharge of his duties. The bill alleges that Neely did not faithfully discharge his duties and did not account for and pay over to the proper officials the moneys which came into his hands.

Another company of this city, it was learned, also bonded Neely for about \$30,000. It is probable that a suit will be brought against this company unless settlement is made.

## A "SCRAPE" FOR TEN CENTS.

A Small Sized Price-Cutting War On Among the Barbers of the City.

It would appear that Brainerd in the not far distant future will be in the "ten-cents-a-shave" class of cities, some of the barbers having already cut their prices from fifteen to ten cents a shave.

When Messrs. Wood & Cardel left John Cochran to start a shop of their own under the Swanson restaurant they started an innovation in the matter of prices by charging ten cents instead of fifteen. Some of the other barbers at once began cutting. The most recent is Louis LaJoie who has distributed circulars advertising the fact about the city. There is some kick by some other barbers on the cut as they always supposed that Brainerd was a union town.

Furniture, carpets and stoves sold on small payments at D. M. Clark & Co.

All kinds of furniture new and second hand bought and sold and exchanged. Also, just received a car load of stoves, at 220 5th street, next to the Lion Clothing store.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Do you want a trunk? Call on D. M. Clark & Co.

## Some Dark Night

It will occur to you that there are a good many good tailors who are getting good stiff prices for good tailoring. And then you may recall the fact that the same kind of good tailoring can be had at just about 33 1/3% less, and you will turn to us for proof.

We sell Royal Tailoring—garments made by The Royal Tailors of Chicago—made-to-your-measure—from goods you may select—quality, style, fit, and workmanship the best—no sweatshop labor—satisfaction or you keep your money—fair enough, isn't it?

A man who buys tailoring ought to see to it that it is good tailoring. Have it good even if you have to pay a high price for it, but if you can have it good without the high price by all means do so. In other words

"Pay Less and Dress Better."

We have the exclusive local sale of Royal Tailoring, and the line is so extensive, and offers so wide a range of choice that we expect to sell to every man who will look it over. We may not, but that's what we expect to do.

## BRAKEMAN RECEIVES SERIOUS INJURIES.

Was Thrown From the Top of A Freight Car Near Deerwood.

UNCONSCIOUS THIRTY-SIX HOURS

He Was Hit by a Water Stand Pipe and Thrown Violently Down.

Walter Cameron, of Duluth, a brakeman on the Northern Pacific, who has been working between this city and Duluth for sometime lies at the N. P. Sanitarium in a critical condition and he may not live, the physicians reporting this morning that he had concussion of the brain.

Yesterday morning he was on a freight train coming this way and as the train was passing through Deerwood he had occasion to go out on top of a car. While standing on the car a large water pipe struck him and he was thrown violently to the ground. This was about 12 o'clock at night and it was some time before the trainmen missed Cameron. The train was backed up and when Cameron was found he was in an unconscious condition and it was at once discovered that he was badly injured.

He was brought to this city and taken to the Northern Pacific Sanitarium where everything in the power of medical aid is being administered to restore him to consciousness. It is not thought that he will live. His people live at Duluth and they have been notified.

## LAND FORFEITED.

Minnesota State Forestry Board of Forestry Received Reports From Several County Auditors.

The Minnesota state forestry board has received reports from the auditors of Becker, Cook, Ottertail and Pine counties, showing that 2990 acres of land had been forfeited to the state for non-payment of taxes, and that the land is better adapted to forestry than to general agricultural purposes.

Many counties have not sent in any reports, and several of the reports received do not give the desired information. Land that accrues to the state for delinquent taxes, after the county commissioners have certified that it is unfit for agricultural purposes, is placed under the care of the forestry board.

As many of the county commissioners through the northern part of Minnesota, where the larger part of the land is situated, are known to be favorable to the forestry movement, the members of the forestry board expect a large amount of land will be placed under its care this winter. Until a decision has been made by the county commissioners, the forestry board has no control over such lands.

S. M. Owen was chosen president of the board to succeed Judson N. Cross, of Minneapolis, who died last August. Memorial resolutions were passed on the death of President Cross, who was the originator of the forestry board. The members of the board present were:

Greenleaf Clark, St. Paul; John Cooper, St. Cloud; B. Magoffin, Duluth; O. M. Lord, Minnesota City; Professor S. B. Owen, Minneapolis; Chief Fire Warden Owen, Minneapolis; and Chief Fire Warden C. C. Andrews.

Now is the time to supply your wants. Our entire stock of dry goods, clothing, furnishing goods and shoes all go at the big cash sale, beginning Tuesday, Nov. 5th.

## IS OFFERED TO REYES

COMMITTEE ON ITS WAY TO TENDER HIM THE PRESIDENCY OF COLOMBIA.

WILL END THE CIVIL WAR

Country Weary of the Strife and the General is the One Man Satisfactory to Both Parties—He is at Present Attending the Pan-American Congress at the City of Mexico as a Delegate.

Washington, Nov. 14.—The Colombian government is making an earnest effort and in an interesting way to solve the troubles which have arisen in its executive branch. The first official act of the new Colombian congress is to appoint a "designado," an official who succeeds to the presidency upon the retirement of both the president and vice president. General Rafael Reyes, Colombian minister to France, now in attendance upon the congress of American republics at the City of Mexico as one of the Colombian delegates, holds that position.

Information has reached the Colombian legation in this city to the effect that a committee composed of three Colombian officials is about to leave Bogota for the City of Mexico to endeavor to induce General Reyes to accompany it back to the Colombian capital and take up the reins of government.

Notwithstanding the fact that the former president, San Clemente, has been out of office for some time, it is true that he is still the constitutional president of Colombia and he has yet to tender his resignation from that office. However, San Clemente, it is stated, has said he will tender his resignation provided President Marroquin, who is constitutionally only the vice president, will do likewise. A great many of the present complications in Colombia have arisen out of this situation and the strong factions back of the commission see in General Reyes an official with a clean title to the presidency, if, as they confidently believe, President Marroquin can be induced to relinquish his office.

It is yet to be seen how General Reyes himself will regard the move. The proposition has been broached to him already in an informal way, but no definite idea of his views has been obtainable.

SATISFACTORY TO BOTH SIDES.

General Reyes the One Man Who Can End the Colombian War.

New York, Nov. 14.—The Tribune says: Information that General Reyes, who for 16 years represented the Colombian government in Paris, is soon to return to Colombia has been received in this city. This news was regarded by persons interested in Colombian affairs as of great importance. General Reyes, according to this information, has received a message from President Marroquin urging him to return to Bogota. At present General Reyes is representing the Colombian government at the Pan-American congress in the City of Mexico. He is regarded as one of the leading men of Colombia. It was also learned that General Reyes had sent a message to General Pedro Nel Ospina, former minister of war of Colombia, who has just arrived in this city, asking him to come to Mexico for a consultation. General Ospina expressed the belief that General Reyes will go back to Colombia at once and that weariness of the civil war which has for more than two years ravaged Colombia was the cause of the call for Reyes' return and that as he is the one man satisfactory to both parties in the strife he will be selected president of the republic and put an end to the war.

## WENT ON NEELY'S BOND.

A Maryland Guaranty Company Sued for Five Thousand Dollars.

Baltimore, Nov. 14.—Martin C. Fosnes, director general of posts of Cuba, has brought suit in the United States circuit court here against the United States Fidelity and Guaranty company of Maryland, which, he says, bonded Charles F. W. Neely, former chief of the bureau of finance of the department of posts of the island of Cuba, in the sum of \$5,000. Mr. Fosnes claims that amount of damages.

The bill says that Neely was appointed to his position on Jan. 7, 1899, and that he had charge of the bureau of finance until Feb. 23, 1900. The guaranty company, it says, on Feb. 23, 1899, bound itself in the sum of \$5,000 for the faithful discharge of his duties. The bill alleges that Neely did not faithfully discharge his duties and did not account for and pay over to the proper officials the moneys which came into his hands.

Another company of this city, it was learned, also bonded Neely for about \$30,000. It is probable that a suit will be brought against this company unless settlement is made.

## MISTAKEN FOR A DEER.

J. E. McLean of Minneapolis Killed at Kooas Landing, Minn.

Duluth, Nov. 14.—J. E. McLean of Minneapolis was accidentally killed while hunting near Kooas Landing, in Lake county, and the shot that tore through him came within a foot of killing Attorney General W. B. Douglas of Minnesota, who was present. McLean and several friends were hunting and were joined by General Douglas. Other members of the party strayed off and Douglas and McLean sat on a log to rest. While talking George Jentsch, a settler, came along in the woods and, mistaking McLean's fur cap for a deer, shot and killed him. McLean's body was brought to this city on the steamer Argo and will be taken to Minneapolis.

# SON OF OLD INDIAN CHIEF WHITE CLOUD.

Rev. Charles T. Wright, a Most Important Personage Among Indians

## IN BRAINERD VISITING TODAY.

The Historical Society Finds His Services Invaluable in Many Ways.

The following little account of the career of Rev. Charles T. Wright, who is a well known figure in Northern Minnesota and who is in Brainerd today, will be of interest to his many friends in the city:

"Rev. Charles T. Wright, whose tribal name is Na-sho-tah, has been visiting in St. Paul for several days. He is perhaps better known in Minnesota than any other Indian in the country. Na-sho-tah is an Episcopal minister, and has charge of the work of that church among the Indians at Leech Lake. He was educated in the Episcopal school at Fari-bault, and was for many years the ward of Bishop Whipple.

"Dr. Wright is about forty-five years old, and among his own people is an important personage. He is the eldest son of the old chief, White Cloud, and as such is the direct head of the Ojibway tribe. For reasons of his own, he will not assert his claim to the chieftainship of the tribe and rests content to attend to his duties involved in caring for his little church at Leech Lake. The duties of chieftain are performed by Ne-gon-e-be-ness, an Indian who has simply made the claim that he is the chief. Dr. Wright is satisfied to let him carry on the work and in no way interferes with him. This seems a little strange, when it is remembered that he is the only man who is entitled to the claim. Dr. Wright's only son was drowned a few years ago in Leech lake and with him perished the only direct descendant of White Cloud who might assume the rule of the Ojibways.

"Dr. Wright has the superior education of an Episcopal priest, and is a man of culture and refined habits. He is liberal in all his views, and, though a full-blooded Ojibway, is a reverent worshiper of the white man's God. He writes a splendid hand, and is an eloquent speaker. Every Sunday, in his little chapel on the shores of the lake, he proclaims the Gospel to his congregation of worshipers in a manner that excels the wildest dreams of the pioneer missionaries who came to the north-west to Christianize the red man.

"Dr. Wright is a profound student, and is interested in the progress of science, art and literature. The different members of the Historical society have found his services invaluable in their search for historical and natural specimens in the regions in the northern part of the state. In their tramping and camping tours in the north they have frequently been accompanied by Dr. Wright, and found his knowledge of the region and of the proper mode of outdoor life a great help to him while they scoured the region.

"J. V. Brower, who has been on many trips with him, says that it is only when out in the woods and beyond the influence of man that the natural traits of the Indian manifest themselves. Then Dr. Wright becomes Na-sho-tah, and the instincts of the Indian direct him in such a way as to render him a pleasant and helpful companion in the roughing life of the scientific investigator."

## HILL'S LAND TO BE SOLD.

The Property at Cass Lake Has All Been Platted and It Will All Go With-out Reservation.

A. A. Harper, manager of the Glenmont Lumber company, of Cass Lake, has been appointed agent for Louis W. Hill at that place and will today throw onto the market for sale the property owned by Mr. Hill. This land was sold at the St. Cloud land office Nov. 1, 1899, when the north half of section 15 was disposed of, and was included in that sale. The property was claimed by both Mr. Hill and Mr. White, and there was considerable of a controversy between these gentlemen as to the ownership of the same. The matter was finally settled, Mr. Hill retaining possession. None of the land has been sold since Mr. Hill became the owner, but there are several parties residing thereon, they having been given permission to build and live there unmolested. The land is situated midway between the town-site of the Cass Land company and the property of the Neils Lumber company, the latter bordering on the lake. The Hill property has been platted and the lots will all be sold, so it is said, without reservation.

## TWO INDICTMENTS RETURNED.

By the Grand Jury at St. Cloud Against L. R. Howell, a Traveling Man Of That City.

Two indictments have been found by the grand jury against L. R. Howell, the former traveling salesman for the St. Cloud Grocery company. The true bills were returned to the court at its opening yesterday morning but their contents were not divulged. Under the provisions of his bond Howell was not due to report to the authorities until today. The Grocery company claims a shortage of some \$700, and it is probable that the amount has been divided into two specific defalcations. Howell is on the road selling jewelry for a manufacturing company, and was in Brainerd yesterday.

## TEETOTALERS IN CONVENTION.

Delegates Here From Fort Ripley and Orr-ock--Sessions Being Held In Peabody Hall.

Yesterday afternoon a district convention of the I. O. G. T. was convened in Peabody's hall. This convention consists of delegates from different parts of Crow Wing and Morrison counties.

There are about twenty delegates and the sessions will last all day today. Some important questions relative to the work of this order will be discussed during the day and several papers will be read.

# QUARANTINE RAISED TODAY.

Indian Agent Michelet Goes to Mille Lacs to Settle Small-pox Business.

## CONTAGION CEASED TO SPREAD.

All Old Clothing Burned and Agent Supplies Them With New.

Yesterday afternoon Indian agent Simon Michelet, of the White Earth reservation, passed through the city enroute to Mille Lacs lake. Agent Michelet goes there at this time to raise the quarantine and settle matters in connection with the recent smallpox epidemic.

A large quantity of clothing was taken with him and all the clothes worn by the Indians afflicted with the contagion will be burned and new apparel substituted. Mr. Michelet states that strict quarantine regulations were established at once after the contagion became known and these regulations have been adhered to with all care possible. A government physician has been kept among the Indians most of the time, and the spread of the contagion has been prevented. The residents of Mille Lacs lake, who at first were pretty well scared, have expressed their approval of the manner in which the matter has been handled.

It is not thought that there will be any more trouble in this vicinity again this winter, but all precautions will be taken and those who have been exposed will be watched carefully.

Mr. Michelet states that the Indians at Mille Lacs lake will be paid off on Monday, November 25, at Vineland.

## DISORDERLY CONDUCT.

Mrs. Hattie Landray Cited on Complaint of Chief of Police Nelson This Morning.

Mrs. Hattie Landray, wife of Ramey Landray, living on Fourth avenue, East Brainerd, had a complaint served on her this morning by Chief of Police Nelson, and she was cited to appear this afternoon before Judge Mantor in the municipal court to give good and sufficient reasons why she should not be fined for disorderly conduct.

It seems that the ways and de-meanors of the Landray family have not been savored with any particular relish by neighbors on Fourth avenue and once before they were compelled to move out of a house on the same avenue which they rented, as the neighbors, it is understood, made it pretty hot for them. They then built a house of their own, but neighbors here again remonstrated with Chief of Police Nelson and insisted that a warrant be sworn out for Mrs. Landray's arrest. After thorough investigation the chief did this.

## The Youth's Companion in 1902.

To condense in a paragraph the announcement of The Youth's Companion for 1902 is not easy. Not only will nearly two hundred story-writers contribute to the paper, but many of the most eminent of living statesmen, jurists, men of science and of letters, scholars, sailors, soldiers and travellers, including three members of the President's Cabinet. In a delightful series of articles on military and naval topics the Secretary of the Navy will tell "How Jack Lives;" Julian Ralph, the famous war correspondent, will describe "How Men Feel in Battle," and Winston Spencer Churchill, M. P., whose daring escape from a Boer prison pen is well remembered, will describe some experiences "On the Flank of the Army."

And this is but a beginning of the long list. A complete announcement will be sent to any address free. The publishers also announce that every new subscriber who sends \$1.75 for the 1902 volume now will receive all the issues for the remaining weeks of 1901 free from the time of subscription; also The Companion Calendar for 1902--all in addition to the fifty-two issues of The Companion for 1902.

## HE WILL APPEAL.

Peter Anderson Thinks That Justice Was Dealt Out to Him Wrongfully At Little Falls.

Gen. C. C. Andrews, who has been at Little Falls prosecuting Peter Anderson of this city, for starting a fire in the timber, reports that Anderson had been fined \$50 and costs, amounting, all told, to \$104. As an alternative, in case he failed to pay, he was to have sixty days in jail.

It is understood that Anderson will appeal from the decision of the justice court and he has put up a bond of \$200 for this purpose.

## BASKET BALL NEXT IN LINE.

Arrangements Being Made for Some Good Squads From the High Schools of the City--Quarters Secured.

Prof. Keppel has been busy for the past few days organizing for the basket ball season in the high school of the city. Some good squads have been organized and about fifteen young gentlemen and twenty young ladies will take an interest in the game this winter. Prof. Keppel will have charge of the teams and will drill them. The third story of the Columbian block has been secured and it is being fixed up for the purpose.

Mr. Keppel will arrange a schedule of games both in the city and outside. The young ladies are taking a great interest in the game.

## Accepted Facts.

## CURBSTONE CHAT.

C. H. Kylo: We had a good hunt up north. You see I have a heart or two as evidence.

Carrier Thompson: You might say for the convenience of the people that the carriers' windows will be open from 9 until 10 o'clock Sunday mornings.

Dr. J. A. Thabes: There will be a meeting of the trustees and other members of the Elks this evening at 7.30 o'clock at the Arlington hotel. There should be a good attendance, as matters of importance are to be discussed.

Chief A. H. Bennett: The hose house is undergoing repairs, and for the present will not be used by the fire department. In case of fire report to the A. Purdy livery stable, where the department's headquarters will be until further notice.

A. C. Andrews: There should be some law passed against promiscuous shooting. At Aitkin last night a gentleman was telling me that two valuable horses and a cow belonging to him were shot by deer hunters. He said that people everywhere were afraid to go in the woods at all; that thousands of hunters are out and they shoot at any old thing.

## SEWELL LAKE JOTTINGS.

Burnel Guild, of White Fish lake, made a flying trip through this neighborhood last week.

Miss Louise Weber is at home for a short time as her school is closed by an epidemic of diphtheria.

A number of "deer" friends spent Saturday evening with "The Champion Hunter" who left the next day for an extended hunting trip.

Mr. Thenis has a lingering fondness for the people of this neighborhood, especially around the north-east end where the crops are so large that the threshing-machining is in a continuous state of dilapidation.

The air all around the Sewell Lake vicinity has turned a sort of greenish yellow since the people have turned green with envy and yellow with jealousy at the sight of a commodious residence which Mr. Anderson is erecting on his farm.

## SON OF OLD INDIAN CHIEF WHITE CLOUD.

Rev. Charles T. Wright, a Most Important Personage Among Indians

IN BRAINERD VISITING TODAY.

The Historical Society Finds His Services Invaluable in Many Ways.

The following little account of the career of Rev. Charles T. Wright, who is a well known figure in Northern Minnesota and who is in Brainerd today, will be of interest to his many friends in the city:

"Rev. Charles T. Wright, whose tribal name is Na-sho-tah, has been visiting in St. Paul for several days. He is perhaps better known in Minnesota than any other Indian in the country. Na-sho-tah is an Episcopal minister, and has charge of the work of that church among the Indians at Leech Lake. He was educated in the Episcopal school at Fari-bault, and was for many years the ward of Bishop Whipple.

"Dr. Wright is about forty-five years old, and among his own people is an important personage. He is the eldest son of the old chief, White Cloud, and as such is the direct head of the Ojibway tribe. For reasons of his own, he will not assert his claim to the chieftainship of the tribe and rests content to attend to his duties involved in caring for his little church at Leech Lake. The duties of chieftain are performed by Ne-gon-e-be-ness, an Indian who has simply made the claim that he is the chief. Dr. Wright is satisfied to let him carry on the work and in no way interferes with him. This seems a little strange, when it is remembered that he is the only man who is entitled to the claim. Dr. Wright's only son was drowned a few years ago in Leech lake and with him perished the only direct descendant of White Cloud who might assume the rule of the Ojibways.

"Dr. Wright has the superior education of an Episcopal priest, and is a man of culture and refined habits. He is liberal in all his views, and, though a full-blooded Ojibway, is a reverent worshiper of the white man's God. He writes a splendid hand, and is an eloquent speaker. Every Sunday, in his little chapel on the shores of the lake, he proclaims the Gospel to his congregation of worshippers in a manner that excels the wildest dreams of the pioneer missionaries who came to the north-west to Christianize the red man.

"Dr. Wright is a profound student, and is interested in the progress of science, art and literature. The different members of the Historical society have found his services invaluable in their search for historical and natural specimens in the regions in the northern part of the state. In their tramping and camping tours in the north they have frequently been accompanied by Dr. Wright, and found his knowledge of the region and of the proper mode of outdoor life a great help to him while they scoured the region.

"J. V. Brower, who has been on many trips with him, says that it is only when out in the woods and beyond the influence of man that the natural traits of the Indian manifest themselves. Then Dr. Wright becomes Na-sho-tah, and the instincts of the Indian direct him in such a way as to render him a pleasant and helpful companion in the roughing life of the scientific investigator."

## HILL'S LAND TO BE SOLD.

The Property at Cass Lake Has All Been Platted and It Will All Go With-out Reservation.

A. A. Harper, manager of the Glenmont Lumber company, of Cass Lake, has been appointed agent for Louis W. Hill at that place and will today throw onto the market for sale the property owned by Mr. Hill. This land was sold at the St. Cloud land office Nov. 1, 1899, when the north half of section 15 was disposed of, and was included in that sale. The property was claimed by both Mr. Hill and Mr. White, and there was considerable of a controversy between these gentlemen as to the ownership of the same. The matter was finally settled, Mr. Hill retaining possession. None of the land has been sold since Mr. Hill became the owner, but there are several parties residing thereon, they having been given permission to build and live there unmolested. The land is situated midway between the town-site of the Cass Land company and the property of the Neils Lumber company, the latter bordering on the lake. The Hill property has been platted and the lots will all be sold, so it is said, without reservation.

## TWO INDICTMENTS RETURNED.

By the Grand Jury at St. Cloud Against L. R. Howell, a Traveling Man Of That City.

Two indictments have been found by the grand jury against L. R. Howell, the former traveling salesman for the St. Cloud Grocery company. The true bills were returned to the court at its opening yesterday morning but their contents were not divulged. Under the provisions of his bond Howell was not due to report to the authorities until today. The Grocery company claims a shortage of some \$700, and it is probable that the amount has been divided into two specific defalcations. Howell is on the road selling jewelry for a manufacturing company, and was in Brainerd yesterday.

## QUARANTINE RAISED TODAY.

Indian Agent Michelet Goes to Mille Lacs to Settle Small-pox Business.

## CONTAGION CEASED TO SPREAD.

All Old Clothing Burned and Agent Supplies Them With New.

Yesterday afternoon Indian agent Simon Michelet, of the White Earth reservation, passed through the city enroute to Mille Lacs lake. Agent Michelet goes there at this time to raise the quarantine and settle matters in connection with the recent smallpox epidemic.

A large quantity of clothing was taken with him and all the clothes worn by the Indians afflicted with the contagion will be burned and new apparel substituted. Mr. Michelet states that strict quarantine regulations were established at once after the contagion became known and these regulations have been adhered to with all care possible. A government physician has been kept among the Indians most of the time, and the spread of the contagion has been prevented. The residents of Mille Lacs lake, who at first were pretty well scared, have expressed their approval of the manner in which the matter has been handled.

It is not thought that there will be any more trouble in this vicinity again this winter, but all precautions will be taken and those who have been exposed will be watched carefully.

Mr. Michelet states that the Indians at Mille Lacs lake will be paid off on Monday, November 25, at Vineland.

## DISORDERLY CONDUCT.

Mrs. Hattie Landray Cited on Complaint of Chief of Police Nelson This Morning.

Mrs. Hattie Landray, wife of Ramey Landray, living on Fourth avenue, East Brainerd, had a complaint served on her this morning by Chief of Police Nelson, and she was cited to appear this afternoon before Judge Mantor in the municipal court to give good and sufficient reasons why she should not be fined for disorderly conduct.

It seems that the ways and de-moans of the Landray family have not been savored with any particular relish by neighbors on Fourth avenue and once before they were compelled to move out of a house on the same avenue which they rented, as the neighbors, it is understood, made it pretty hot for them. They then built a house of their own, but neighbors here again remonstrated with Chief of Police Nelson and insisted that a warrant be sworn out for Mrs. Landray's arrest. After thorough investigation the chief did this.

## The Youth's Companion in 1902.

To condense in a paragraph the announcement of The Youth's Companion for 1902 is not easy. Not only will nearly two hundred story-writers contribute to the paper, but many of the most eminent of living statesmen, jurists, men of science and of letters, scholars, sailors, soldiers and travellers, including three members of the President's Cabinet.

In a delightful series of articles on military and naval topics the Secretary of the Navy will tell "How Jack Lives;" Julian Ralph, the famous war correspondent, will describe "How Men Feel in Battle," and Winston Spencer Churchill, M. P., whose daring escape from a Boer prison pen is well remembered, will describe some experiences "On the Plank of the Army."

And this is but a beginning of the long list. A complete announcement will be sent to any address free. The publishers also announce that every new subscriber who sends \$1.75 for the 1902 volume now will receive all the issues for the remaining weeks of 1901 free from the time of subscription; also The Companion Calendar for 1902—all in addition to the fifty-two issues of The Companion for 1902.

Prof. Keppel has been busy for the past few days organizing for the basket ball season in the high school of the city. Some good squads have been organized and about fifteen young gentlemen and twenty young ladies will take an interest in the game this winter. Prof. Keppel will have charge of the teams and will drill them. The third story of the Columbian block has been secured and it is being fixed up for the purpose.

Mr. Keppel will arrange a schedule of games both in the city and outside. The young ladies are taking a great interest in the game.

### Accepted Facts.

The Kimball piano and organ are the most popular instrument of the day.

The name Kimball on the ball board of your piano is a guarantee that your piano is as good as can be manufactured. That if you purchase a Kimball piano or organ you get as good as money can buy. Your terms are ours. Kimball Piano Agency, 2nd floor, Hartley Building, opposite Y. M. C. A. building.

### CURBSTONE CHAT.

C. H. Kylo: We had a good hunt up north. You see I have a heart or two as evidence.

Carrier Thompson: You might say for the convenience of the people that the carriers' windows will be open from 9 until 10 o'clock Sunday mornings.

Dr. J. A. Thabes: There will be a meeting of the trustees and other members of the Elks this evening at 7:30 o'clock at the Arlington hotel. There should be a good attendance, as matters of importance are to be discussed.

Chief A. H. Bennett: The hose house is undergoing repairs, and for the present will not be used by the fire department. In case of fire report to the A. Purdy livery stable, where the department's headquarters will be until further notice.

A. C. Andrews: There should be some law passed against promiscuous shooting. At Aitkin last night a gentleman was telling me that two valuable horses and a cow belonging to him were shot by deer hunters. He said that people everywhere were afraid to go in the woods at all; that thousands of hunters are out and they shoot at any old thing.

### SEWELL LAKE JOTTINGS.

Burnel Guild, of White Fish lake, made a flying trip through this neighborhood last week.

Miss Louise Weber is at home for a short time as her school is closed by an epidemic of diphtheria.

A number of "deer" friends spent Saturday evening with "The Champion Hunter" who left the next day for an extended hunting trip.

Mr. Thenis has a lingering fondness for the people of this neighborhood, especially around the north-east end where the crops are so large that the threshing-machin is in a continuous state of dilapidation.

The air all around the Sewell Lake vicinity has turned a sort of greenish yellow since the people have turned green with envy and yellow with jealousy at the sight of a commodious residence which Mr. Anderson is erecting on his farm.

## BRITAIN'S TEETH SET

MR. BRODRICK SAYS HE IS DETERMINED TO WEAR THE BOERS DOWN.

### REPLACE TIRED SOLDIERS

Lord Kitchener Will Be Provided With Fresh Troops—Over Fifty Thousand of the Burghers Are Killed or in Confinement and the Present Force in the Field Is About Ten Thousand—Another Raid Expected.

London, Nov. 14.—Mr. Brodrick, the British war secretary, speaking at a banquet given in London in his honor by the City Carlton club, declared that the Boers were hiding their tracks by murdering the Kaffirs behind them.

"Lord Kitchener has wired," he continued, "that the cold blooded murder of natives has become frequent of late and that two dead natives, their hands tied behind their backs, were found Nov. 10 at the bottom of a mine shaft."

Later in his speech Mr. Brodrick said Great Britain now had 42,000 Boers in custody in the concentration camps and on various islands, and that 11,000 more had been killed or wounded or had left the country on parole. He added that he believed the number of Boers now in the field was about 10,000.

"The country has set its teeth and intends to go through the process of wearing down," he exclaimed. "We intend to provide Lord Kitchener with fresh troops to replace the tired ones. Only today a certain colony made an offer of help."

Mr. Brodrick explained that four battalions and two cavalry regiments would be drawn from India for service in South Africa.

Peace negotiations are reported from every quarter except Botha's headquarters in the saddle. The National Liberal federation is agitating for a full and explicit declaration of terms from Downing street, but this is a political maneuver decided upon by the pro-Boers. There is a story that the Boers in arms have approached Kitchener and have intimated a desire for peace without any reference to Kruger, Steyn or Botha, but this is a transparent fiction, started for the purpose of explaining Salisbury's veiled reference to grounds of confidence which he could not lay bare. There can be no peace while 8,000 Boers and Cape rebels hold the field under a dozen or more guerrilla leaders. Kitchener's last report shows how scattered these forces are and how narrow is their range of operations. Dewet has reappeared in a quarter of the Orange River Colony where he can co-operate with Botha, and it is surmised that another attempt to raid Natal is impending.

**Are Still Knocking Chamberlain.**

Berlin, Nov. 14.—Immense anti-Chamberlain meetings have occurred at the University of Breslau and the technical institutes of Hanover and Darmstadt. They have been attended and addressed by many professors. At Plauen, in Saxony, 2,000 persons adopted vigorous anti-Chamberlain resolutions, which were sent to the king of Saxony, Count von Buelow, the imperial chancellor, and the German reichstag.

**Sir William Butler Recognized.**

London, Nov. 14.—General Sir William Butler, formerly in command of the troops in South Africa, who was recalled at the beginning of the campaign against the Boers, is at last having his merits recognized. According to The Daily Chronicle he has accepted the offer of an appointment as president of the most important committee in connection with war office reform.

**MISS STONE'S CAPTURE.**

American Board of Foreign Missions Issues a Corrective Statement.

Boston, Nov. 14.—The executive officers of the American Board of Foreign Missions, concerning the case of Miss Ellen M. Stone, have issued a statement intended to be corrective of reports that have been widely published relative to the conditions that resulted in her capture by the brigands. This statement affirms that Miss Stone was in pursuit of her customary duties as a missionary when she was captured. The route over which she was traveling is one that is continually used by the missionaries and without reason for apprehending any special danger. No warning whatever was given to Miss Stone as to this particular journey, either by the Turkish or Bulgarian authorities. She had the usual escort of 18 or 20 people and was accustomed to carry with her a Turkish teskre or permit to travel. One of the missionaries acquainted with the region states that the route Miss Stone took was the safest of any in that region. The statement further affirms that there is no ground whatever for criticizing Miss Stone for want of precaution in making this journey.

**INSURGENTS ROUTED.**

Troop of First Cavalry Surprises Four Hundred in Southern Luzon.

Manila, Nov. 14.—Captain Hartman's troop of the First cavalry surprised 400 insurgents at Buan, in Batangas province, southwestern Luzon. Half the insurgents were armed with rifles. They were prepared for an attack and were in rifle pits. The cavalry attacked the insurgents on the flank, killing 16 of them, wounding 5 and capturing 9 rifles. The insurgents broke and ran, the cavalry pursuing them.

Two large boat loads of arms are reported to have been landed on the southern part of the Batangas peninsula and taken to Duranguan. Major West, stationed in that locality, is endeavoring to find these arms.

## MAY BE TAKEN TO MONTANA.

Longbaugh Identified as One of the Great Northern Express Robbers.

St. Louis, Nov. 14.—The November federal grand jury has returned indictments against Harry Longbaugh, alias John Arnold, the mysterious Montana train robber suspect, and his companion, Laura Bullion. They were indicted on 17 separate counts each.

Charles H. Smith and William O'Neill, express messenger and fireman respectively of the Great Northern flyer that was held up last July near Wagner, Mon., arrived here during the afternoon and identified the suspect under arrest as Harry Longbaugh, the man who held up the train and took the lead in intimidating the train crew and blew open the express company's safe, from which \$100,000 in unsigned bills of the National bank of Helena were stolen. O'Neill says that Longbaugh is the man who climbed over the tender and held up Engineer Jones and himself and then superintended the blowing up of the safe. His recollection of the episode was so vivid that he could describe the two revolvers that the robbers used. The police say they are the same weapons that were found on the prisoner when he was arrested.

Since this last evidence has turned up it may be deemed best to take him to Montana for trial, where the offense of train robbing is punishable by death.

### A "SCHOOL OF CRIME."

Chicago Junk Dealer and Nine Juveniles Under Arrest.

Chicago, Nov. 14.—An alleged "school of crime," with nine small boys as members, and Jacob Kolls, a junk dealer, as captain, has been discovered in the Ghetto. Kolls and all his boys have been arrested. Warrants were sworn out at the same time for several junk dealers who are said to have bought the stolen goods.

Whip in hand, Kolls is charged by two of the boys who have made confessions with having forced them to steal. They say he would not let them go to school, that he threatened to kill them if they betrayed him, and that sometimes he would give them revolvers and tell them to shoot anybody who caught them while on their thieving expeditions.

That certain boys might not be compelled to attend school and that they might have full time for the robbing of houses and the continuance of a complete course in crime, the death of Pat. Olman Francesca S. Caparelli, a truant officer of the board of education, was planned. Officer Caparelli, against whom the plot to kill was aimed, owes his safety to information given him by a 6-year-old girl.

### TIME A CHANGE WAS MADE.

Senator Quarles Discusses the Indian Question.

Milwaukee, Nov. 14.—United States Senator Joseph V. Quarles will shortly leave for Washington to confer with President Roosevelt on the Indian question.

"I believe that there should be a complete and radical change in the way this country handles the Indian," said Senator Quarles. "The original laws made for this purpose no longer apply. Things have changed in every direction. It would be manifestly improper for me to discuss the subject in advance of any report to the president, but I may say that I devoted a large share of the summer to a study of the Indian and the treatment accorded him, whether as a semi-civilized or semi-savage personage. I can see wherein the present system is at fault and am prepared to suggest remedies. The subject is worthy of the most earnest attention and investigation by congress. We have been going along in the old cumbersome and unsatisfactory way long enough. It is time a change was made."

### A GIGANTIC CAVE-IN.

Entire Plant of the Aurora Mining Company Disappears.

Joplin, Mo., Nov. 14.—In a cave-in at Orongo, near here, the entire plant of the Aurora Mining company was swallowed up. No lives were lost. The plant comprised a 100-ton mill, office building and engine house, all of which were engulfed, together with six gravel cars and an immense tailing pile. On entering the mine a short time before the cave-in occurred the workmen heard the timbers crack and signalled to be drawn up. The last man had reached the surface only a few minutes when the timbers collapsed, the earth yielded and with a crash the whole plant sank into the abyss. Further caving is feared and work in that vicinity has been suspended. It is impossible to estimate the damage.

### WILL NOT PARTICIPATE.

American Iron and Steel Association Opposed to Reciprocity.

Philadelphia, Nov. 14.—The American Iron and Steel association has officially notified Theodore C. Search, chairman of the committee of arrangements of the coming reciprocity convention at Washington, that it will not be represented, and its management asserts that every subsidiary organization in those trades has taken similar action. This is taken as meaning that the iron and steel men are generally opposed to reciprocity. At the headquarters of the American Iron and Steel association it was announced that all in the trade were strongly opposed to having any subject brought before the coming congress that will in any way affect the present tariff laws.

### RAILWAY INTO KLONDIKE.

Line Will Be Built From Dawson to Mines Next Summer.

Victoria, B. C., Nov. 14.—The Colonist says: The proposed railway from Dawson to the Klondike mines will be built next summer. The line will probably extend up Bonanza creek, with branches up the several gold producing creeks, the main line continuing from Bonanza up Eldorado and across the Indian river. The object of the promoters will be to extend the line as far as Stewart river and ultimately to the mouth of the Pelly, opposite Fort Elk creek. It will in all probability form part of an all-Canadian route to Dawson.

## DESTROYED THE RETURNS.

Alabama Election Officer Held Up by a Masked Highwayman.

Columbus, Ga., Nov. 14.—A special from Seale, Russell county, Ala., to The Enquirer-Sun reads:

S. W. Peppers, returning officer for Crawford, while en route to Seale with the ballot box containing the returns of the recent election, was held up at the point of a revolver and the ballot box taken from him.

The highwayman wore a mask and his identity is unknown. He retreated to the woods near by, where a search later revealed the ashes and pieces of the ballot box and papers which had been burned. This is a capital offense in this state.

### ONE YEAR IN JAIL.

Sixteen-Year-Old Missouri Boy Sentenced for Manslaughter.

Kansas City, Nov. 14.—Boslie Lambert, aged 16 years, was given one year in the county jail by a jury in the criminal court here for killing Phillip Hauenstein at Washington Park last summer. Hauenstein was fishing and became involved in a quarrel with Lambert because the latter persisted in annoying him. Hauenstein kicked Lambert, whereupon the latter procured a heavy club and demanded an apology. Hauenstein apologized, but when his back was turned Lambert dealt him a blow on the head which killed him.

### Newfoundland Is Interested.

St. Johns, N. F., Nov. 14.—Keen interest is displayed here in the movement for reciprocity with the United States. It is expected that any arrangement effected with Canada will include Newfoundland, especially owing to the previous compact, the Bond-Blaine convention, which covers fishery reciprocity. The British government desires to have all aspects of the question considered conjointly.

### Claim Grout Bill Will Pass.

Dubuque, Ia., Nov. 14.—Before the Iowa State Dairy association former Congressman Grout of Vermont, Congressman Tawney of Minnesota and Congressman Dahle of Wisconsin discussed the Grout bill. They claimed the bill would pass the coming congress and urged dairymen to use all possible influence with members of congress. Former Governor Hoard of Wisconsin presided.

### Five Feet of Snow in Denmark.

Copenhagen, Nov. 14.—A terrible gale and snow storm lasting for the past 12 hours has done great damage throughout Denmark. There are five feet of snow here. Eight vessels are reported drifting ashore, two have been wrecked and many lives have been lost.

### Conger the Only One Left.

Peking, Nov. 14.—Mr. Conger will soon be the only foreign minister in Peking who passed through the siege and will then become the dozen of ministers have been relieved or ex-ministers have been relieved or expected to leave Peking soon.

### TELEGRAPHIC BREVITIES.

The Brazilian congress has voted \$5,000 to M. Santos-Dumont, the aeronaut.

President Roosevelt has been elected first vice president of the Long Island Bible society.

Zieppa E. Bradford Shaw, widow of Henry W. Shaw, "Josh Billings," is dead at her home in Saratoga, N. Y.

G. H. Rolando of New York has issued a challenge to Sandow to meet him in a contest in 10 feet of strength, each man to name five.

Benjamin F. Tracy has been engaged to defend Colonel Robert L. Meade of the marine corps, who has been ordered to trial by courtmartial Tuesday next.

## REPLACE TIRED SOLDIERS

Lord Kitchener Will Be Provided With Fresh Troops—Over Fifty Thousand of the Burghers Are Killed or in Confinement and the Present Force in the Field Is About Ten Thousand—Another Raid Expected.

London, Nov. 14.—Mr. Brodrick, the British war secretary, speaking at a banquet given in London in his honor by the City Carlton club, declared that the Boers were hiding their tracks by murdering the Kaffirs behind them.

"Lord Kitchener has wired," he continued, "that the cold blooded murder of natives has become frequent of late and that two dead natives, their hands tied behind their backs, were found Nov. 10 at the bottom of a mine shaft."

Later in his speech Mr. Brodrick said Great Britain now had 42,000 Boers in custody in the concentration camps and on various islands, and that 11,000 more had been killed or wounded or had left the country on parole. He added that he believed the number of Boers now in the field was about 10,000.

"The country has set its teeth and intends to go through the process of wearing down," he exclaimed. "We intend to provide Lord Kitchener with fresh troops to replace the tired ones. Only today a certain colony made an offer of help."

Mr. Brodrick explained that four battalions and two cavalry regiments would be drawn from India for service in South Africa.

Peace negotiations are reported from every quarter except Botha's headquarters in the saddle. The National Liberal federation is agitating for a full and explicit declaration of terms from Downing street, but this is a political maneuver decided upon by the pro-Boers. There is a story that the Boers in arms have approached Kitchener and have intimated a desire for peace without any reference to Kruger, Steyn or Botha, but this is a transparent fiction, started for the purpose of explaining Salisbury's veiled reference to grounds of confidence which he could not lay bare. There can be no peace while 8,000 Boers and Cape rebels hold the field under a dozen or more guerrilla leaders. Kitchener's last report shows how scattered these forces are and how narrow is their range of operations. Dewet has reappeared in a quarter of the Orange River Colony where he can co-operate with Botha, and it is surmised that another attempt to raid Natal is impending.

Are Still Knocking Chamberlain. Berlin, Nov. 14.—Immense anti-Chamberlain meetings have occurred at the University of Breslau and the technical institutes of Hanover and Darmstadt. They have been attended and addressed by many professors. At Plauen, in Saxony, 2,000 persons adopted vigorous anti-Chamberlain resolutions, which were sent to the king of Saxony, Count von Buelow, the imperial chancellor, and the German reichstag.

Sir William Butler Recognized. London, Nov. 14.—General Sir William Butler, formerly in command of the troops in South Africa, who was recalled at the beginning of the campaign against the Boers, is at last having his merits recognized. According to The Daily Chronicle he has accepted the offer of an appointment as president of the most important committee in connection with war office reform.

MISS STONE'S CAPTURE. American Board of Foreign Missions Issues a Corrective Statement. Boston, Nov. 14.—The executive officers of the American Board of Foreign Missions, concerning the case of Miss Ellen M. Stone, have issued a statement intended to be corrective of reports that have been widely published relative to the conditions that resulted in her capture by the brigands. This statement affirms that Miss Stone was in pursuit of her customary duties as a missionary when she was captured. The route over which she was traveling is one that is continually used by the missionaries and without reason for apprehending any special danger. No warning whatever was given to Miss Stone as to this particular journey, either by the Turkish or Bulgarian authorities. She had the usual escort of 18 or 20 people and was accustomed to carry with her a Turkish teske or permit to travel. One of the missionaries acquainted with the region states that the route Miss Stone took was the safest of any in that region. The statement further affirms that there is no ground whatever for criticizing Miss Stone for want of precaution in making this journey.

INSURGENTS ROUTED. Troop of First Cavalry Surprises Four Hundred in Southern Luzon. Manila, Nov. 14.—Captain Hartman's troop of the First Cavalry surprised 400 insurgents at Buan, in Batangas province, southwestern Luzon. Half the insurgents were armed with rifles. They were prepared for an attack and were in rifle pits. The cavalry attacked the insurgents on the flank, killing 16 of them, wounding 5 and capturing 9 rifles. The insurgents broke and ran, the cavalry pursuing them.

Two large boat loads of arms are reported to have been landed on the southern part of the Batangas peninsula and taken to Duranang. Major West, stationed in that locality, is endeavoring to find these arms.

## MAY BE TAKEN TO MONTANA.

Longbaugh Identified as One of the Great Northern Express Robbers.

St. Louis, Nov. 14.—The November federal grand jury has returned indictments against Harry Longbaugh, alias John Arnold, the mysterious Montana train robber suspect, and his companion, Laura Bullion. They were indicted on 17 separate counts each.

Charles H. Smith and William O'Neill, express messenger and fireman respectively of the Great Northern flyer that was held up last July near Wagner, Mon., arrived here during the afternoon and identified the suspect under arrest as Harry Longbaugh, the man who held up the train and took the lead in intimidating the train crew and blew open the express company's safe, from which \$100,000 in unsigned bills of the National bank of Helena were stolen. O'Neill says that Longbaugh is the man who climbed over the tender and held up Engineer Jones and himself and then superintended the blowing up of the safe. His recollection of the episode was so vivid that he could describe the two revolvers that the robbers used. The police say they are the same weapons that were found on the prisoner when he was arrested.

Since this last evidence has turned up it may be deemed best to take him to Montana for trial, where the offense of train robbing is punishable by death.

## A "SCHOOL OF CRIME."

Chicago Junk Dealer and Nine Juveniles Under Arrest.

Chicago, Nov. 14.—An alleged "school of crime," with nine small boys as members, and Jacob Kolls, a junk dealer, as captain, has been discovered in the Ghetto. Kolls and all his boys have been arrested. Warrants were sworn out at the same time for several junk dealers who are said to have bought the stolen goods.

Whip in hand, Kolls is charged by two of the boys who have made confessions with having forced them to steal. They say he would not let them go to school, that he threatened to kill them if they betrayed him, and that sometimes he would give them revolvers and tell them to shoot anybody who caught them while on their thieving expeditions.

That certain boys might not be compelled to attend school and that they might have full time for the robbing of houses and the continuance of a complete course in crime, the death of Pat. Olman Francesca S. Caparelli, a truant officer of the board of education, was planned. Officer Caparelli, against whom the plot to kill was aimed, owes his safety to information given him by a 6-year-old girl.

## TIME A CHANGE WAS MADE.

Senator Quarles Discusses the Indian Question.

Milwaukee, Nov. 14.—United States Senator Joseph V. Quarles will shortly leave for Washington to confer with President Roosevelt on the Indian question.

"I believe that there should be a complete and radical change in the way this country handles the Indian," said Senator Quarles. "The original laws made for this purpose no longer apply. Things have changed in every direction. It would be manifestly improper for me to discuss the subject in advance of any report to the president, but I may say that I devoted a large share of the summer to a study of the Indian and the treatment accorded him, whether as a semi-civilized or semi-savage personage. I can see wherein the present system is at fault and am prepared to suggest remedies. The subject is worthy of the most earnest attention and investigation by congress. We have been going along in the old cumbersome and unsatisfactory way long enough. It is time a change was made."

## A GIGANTIC CAVE-IN.

Entire Plant of the Aurora Mining Company Disappears.

Joplin, Mo., Nov. 14.—In a cave-in at Orongo, near here, the entire plant of the Aurora Mining company was swallowed up. No lives were lost. The plant comprised a 100-ton mill, office building and engine house, all of which were engulfed, together with six gravel cars and an immense tailing pile. On entering the mine a short time before the cave-in occurred the workmen heard the timbers crack and signalled to be drawn up. The last man had reached the surface only a few minutes when the timbers collapsed, the earth yielded and with a crash the whole plant sank into the abyss. Further caving is feared and work in that vicinity has been suspended. It is impossible to estimate the damage.

## WILL NOT PARTICIPATE.

American Iron and Steel Association Opposed to Reciprocity.

Philadelphia, Nov. 14.—The American Iron and Steel association has officially notified Theodore C. Search, chairman of the committee of arrangements of the coming reciprocity convention at Washington, that it will not be represented, and its management asserts that every subsidiary organization in those trades has taken similar action. This is taken as meaning that the iron and steel men are generally opposed to reciprocity. At the headquarters of the American Iron and Steel association it was announced that all in the trade were strongly opposed to having any subject brought before the coming congress that will in any way affect the present tariff laws.

## RAILWAY INTO KLONDIKE.

Line Will Be Built From Dawson to Mines Next Summer.

Victoria, B. C., Nov. 14.—The Colonist says: The proposed railway from Dawson to the Klondike mines will be built next summer. The line will probably extend up Bonanza creek, with branches up the several gold producing creeks, the main line continuing from Bonanza up Eldorado and across the Indian river. The object of the promoters will be to extend the line as far as Stewart river and ultimately to the mouth of the Pelly, opposite Fort Elk creek. It will in all probability form part of an all-Canadian route to Dawson.

## DESTROYED THE RETURNS.

Alabama Election Officer Held Up by a Masked Highwayman.

Columbus, Ga., Nov. 14.—A special from Seale, Russell county, Ala., to The Enquirer-Sun says:

S. W. Peppers, returning officer for Crawford, while en route to Seale with the ballot box containing the returns of the recent election, was held up at the point of a revolver and the ballot box taken from him.

The highwayman wore a mask and his identity is unknown. He retreated to the woods near by, where a search later revealed the ashes and pieces of the ballot box and papers which had been burned. This is a capital offense in this state.

## ONE YEAR IN JAIL.

Sixteen-Year-Old Missouri Boy Sentenced for Manslaughter.

Kansas City, Nov. 14.—Boslie Lambert, aged 16 years, was given one year in the county jail by a jury in the criminal court here for killing Phillip Hauenstein at Washington Park last summer. Hauenstein was fishing and became involved in a quarrel with Lambert because the latter persisted in annoying him. Hauenstein kicked Lambert, whereupon the latter procured a heavy club and demanded an apology. Hauenstein apologized, but when his back was turned Lambert dealt him a blow on the head which killed him.

## Newfoundland Is Interested.

St. Johns, N. F., Nov. 14.—Keen interest is displayed here in the movement for reciprocity with the United States. It is expected that any arrangement effected with Canada will include Newfoundland, especially owing to the previous compact, the Bond-Blaine convention, which covers fishery reciprocity. The British government desires to have all aspects of the question considered conjointly.

## Claim Grout Bill Will Pass.

Dubuque, Ia., Nov. 14.—Before the Iowa State Dairy association former Congressman Grout of Vermont, Congressman Tawney of Minnesota and Congressman Dahle of Wisconsin discussed the Grout bill. They claimed the bill would pass the coming congress and urged dairymen to use all possible influence with members of congress. Former Governor Hoard of Wisconsin presided.

## Five Feet of Snow in Denmark.

Copenhagen, Nov. 14.—A terrible gale and snow storm lasting for the past 12 hours has done great damage throughout Denmark. There are five feet of snow here. Eight vessels are reported drifting ashore, two have been wrecked and many lives have been lost.

## Conger the Only One Left.

Peking, Nov. 14.—Mr. Conger will soon be the only foreign minister in Peking who passed through the siege and will then become the doyen of ministers have been relieved or ex-ministers have been relieved or expected to leave Peking soon.

## TELEGRAPHIC BREVITIES.

The Brazilian congress has voted £5,000 to M. Santes-Dumont, the aeronaut.

President Roosevelt has been elected first vice president of the Long Island Bible society.

Zieppa E. Bradford Shaw, widow of Henry W. Shaw, "Josh Billings," is dead at her home in Saratoga, N. Y.

G. H. Rolandow of New York has issued a challenge to Sandow to meet him in a contest in 10 feet of strength, each man to name five.

Things have changed in every direction. It would be manifestly improper for me to discuss the subject in advance of any report to the president, but I may say that I devoted a large share of the summer to a study of the Indian and the treatment accorded him, whether as a semi-civilized or semi-savage personage. I can see wherein the present system is at fault and am prepared to suggest remedies. The subject is worthy of the most earnest attention and investigation by congress. We have been going along in the old cumbersome and unsatisfactory way long enough. It is time a change was made."

**A GIGANTIC CAVE-IN.**

Entire Plant of the Aurora Mining Company Disappears.

Joplin, Mo., Nov. 14.—In a cave-in at Orongo, near here, the entire plant of the Aurora Mining company was swallowed up. No lives were lost. The plant comprised a 100-ton mill, office building and engine house, all of which were engulfed, together with six gravel cars and an immense tailing pile. On entering the mine a short time before the cave-in occurred the workmen heard the timbers crack and signalled to be drawn up. The last man had reached the surface only a few minutes when the timbers collapsed, the earth yielded and with a crash the whole plant sank into the abyss. Further caving is feared and work in that vicinity has been suspended. It is impossible to estimate the damage.

**WILL NOT PARTICIPATE.**

American Iron and Steel Association Opposed to Reciprocity.

Philadelphia, Nov. 14.—The American Iron and Steel association has officially notified Theodore C. Search, chairman of the committee of arrangements of the coming reciprocity convention at Washington, that it will not be represented, and its management asserts that every subsidiary or organization in those trades has taken similar action. This is taken as meaning that the iron and steel men are generally opposed to reciprocity. At the headquarters of the American Iron and Steel association it was announced that all in the trade were strongly opposed to having any subject brought before the coming congress that will in any way affect the present tariff laws.

**RAILWAY INTO KLONDIKE.**

Line Will Be Built From Dawson to Mines Next Summer.

Victoria, B. C., Nov. 14.—The Colonist says: The proposed railway from Dawson to the Klondike mines will be built next summer. The line will probably extend up Bonanza creek, with branches up the several gold producing creeks, the main line continuing from Bonanza up Eldorado and across the Indian river. The object of the promoters will be to extend the line as far as Stewart river and ultimately to the mouth of the Pelly, opposite Fort Elk creek. It will in all probability form part of an all-Canadian route to Dawson.

## DESTROYED THE RETURNS.

Alabama Election Officer Held Up by a Masked Highwayman.

Columbus, Ga., Nov. 14.—A special from Seale, Russell county, Ala., to The Enquirer-Sun says:

S. W. Peppers, returning officer for Crawford, while en route to Seale with the ballot box containing the returns of the recent election, was held up at the point of a revolver and the ballot box taken from him.

The highwayman wore a mask and his identity is unknown. He retreated to the woods near by, where a search later revealed the ashes and pieces of the ballot box and papers which had been burned. This is a capital offense in this state.

## ONE YEAR IN JAIL.

Sixteen-Year-Old Missouri Boy Sentenced for Manslaughter.

Kansas City, Nov. 14.—Bosie Lambert, aged 16 years, was given one year in the county jail by a jury in the criminal court here for killing Phillip Hauenstein at Washington Park last summer. Hauenstein was fishing and became involved in a quarrel with Lambert because the latter persisted in annoying him. Hauenstein kicked Lambert, whereupon the latter procured a heavy club and demanded an apology. Hauenstein apologized, but when his back was turned Lambert dealt him a blow on the head which killed him.

**Newfoundland Is Interested.**

St. Johns, N. F., Nov. 14.—Keen interest is displayed here in the movement for reciprocity with the United States. It is expected that any arrangement effected with Canada will include Newfoundland, especially owing to the previous compact, the Bond-Blaine convention, which covers fishery reciprocity. The British government desires to have all aspects of the question considered conjointly.

**Claim Grout Bill Will Pass.**

Dubuque, Ia., Nov. 14.—Before the Iowa State Dairy association Former Congressman Grout of Vermont, Congressman Tawney of Minnesota and Congressman Dahle of Wisconsin discussed the Grout bill. They claimed the bill would pass the coming congress and urged dairymen to use all possible influence with members of congress. Former Governor Hoard of Wisconsin presided.
